

COCAG WG3:
CRITICAL PRACTICE IN CAREER GUIDANCE

INTERACTIVE WORKSHOP: ENHANCING CAREER COUNSELING PRACTICES WITH GENERATIVE AI

FEBRUARY 27TH, 2026, 2:00-3:30 PM CET

Discover how to strategically integrate generative AI into your career counseling practice.

Explore AI applications in career planning, decision-making, job search preparation, and skill development.

This hands-on workshop guides participants in designing AI-assisted career activities, crafting effective prompts, and critically evaluating AI outputs—while preserving the human-centered foundations of counseling.

Who Should Attend: Career counselors, guidance practitioners, school psychologists, youth workers, educators, and employment support professionals seeking practical, immediately applicable strategies for ethical and impactful AI integration.

Limited to 40 participants!
